Teacher's Notes

This is a simple list of letters to make it easier to print posters and individual letter worksheets, because many PCs do not have the correct fonts installed. (They are included in the PDF file)
For the large letters you can print multiple letters per page if you want to make them smaller.

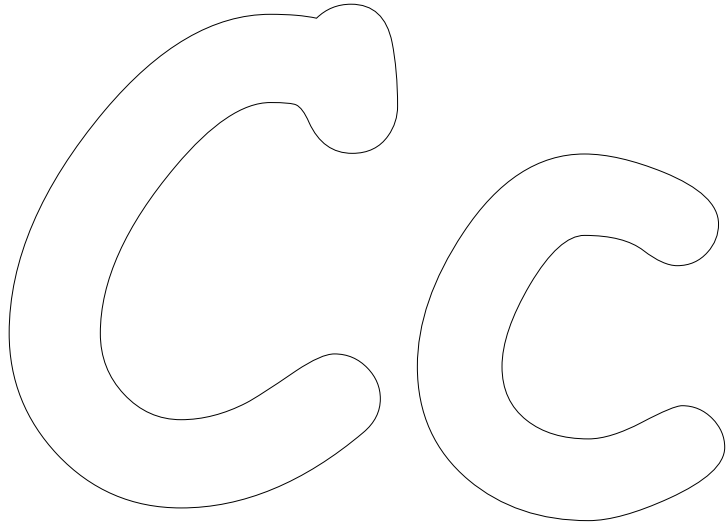

The first set of letters are: **Outlined Letters** Using the comics sans font and are ideal for making wall posters and can also be used for colouring exercises to encourage recognition of the letters.

The second set of letters are dotted using the **National Font First Dotted**
The first set is the small letters and then capitals. This is followed by a set of characters all on one page and a set of cards.
