

# James Abela ELT

## **Diamond 9 Revision Skills**

Below is a Diamond 9 matrix. To use it print off the blank sheet and then cut up the cards below. Students then think about their priorities when it comes to revision and place them in the order that they think is correct.

## **Blank Diamond 9's**

Of course these sheets can be used to create your own Diamond 9's. To make a blank one simply use page 2, insert your own ideas and then photocopy.
