

## Lateral Thinking Exercises

These lateral puzzles have divided into cells, so that you can:

1. Give out questions without answers.
2. Fold the puzzles, so that students have to unfold them to find the correct answers.
3. Do a Find Someone Who with the questions and answers. i.e. some students go around with the answers and some go around with the questions.
4. Keep all the questions and answers, so that you can ask them at any time...

<p>1. A man lives on the seventeenth floor of an apartment building. Every morning he takes the lift down to the ground. In the evening he goes into the lift and if it is raining he goes directly back to the seventeenth floor. Otherwise he goes to the tenth floor and climbs up seven flights of stairs.</p>	<p>Clue 1: When it is raining he has an umbrella Clue 2: He doesn't want to climb the stairs, but he has to. Answer: He is very short and can not reach the button for the 17th floor.</p>
<p>2. A man walks into a bar and asks for water. The bartender pulls out a gun and points it at him. The man says, "Thank you," and walks out.</p>	<p>Clue: The bartender has no intention of shooting him. Answer: He has hiccups</p>
<p>3. A man drives down the motorway at 70 miles per hour. He passes three cars going 80 miles per hour, then gets pulled over by a police officer and is given a ticket.</p>	<p>Clue: He doesn't get a speeding ticket Answer: He is driving the wrong way down the motorway.</p>
<p>4. A man and his son are driving to watch the football. They have a car accident. The father is killed instantly. His son survives but is in critical condition. He is rushed to the hospital and prepped for surgery. The surgeon enters the operating room, looks at the boy and says, "I can't operate on this boy. He's my son."</p>	<p>Clue: Nothing supernatural happens and he does not have a second family. Answer: The surgeon is his mother</p>
<p>5. The telephone rang in the middle of the night and the woman woke up. When she answered it the caller hung up. The caller felt better.</p>	<p>Clue: They are in a hotel. Answer: The woman was snoring and so the caller phoned her to stop it.</p>

<p>12. A landlord is threatening to evict a father and his beautiful young daughter, unless she agrees to marry him. There are a lot of witnesses and in a false gesture of sincerity, he offers her an opportunity to remain in the house without marrying him. He has a silk bag in which he says he has placed a white and a black stone from the footpath on which they're standing. If she picks the white stone from the bag, then she wins; if she picks the black, she loses. However, the young girl saw him place two black stones in the bag. She can't accuse him of cheating, because he would say that his good character was called into question and storm off without showing the bag. How does the clever girl win?</p>	<p>Clue: The landlord will not want to be embarrassed.</p> <p>Answer: She withdraws a stone and instantly drops it into those on the ground and is lost. To know what color it was they must look at the stones remaining in the bag...</p>
